

## T-BOLT CLAMPS

T-Bolt Clamps offer a strong, positive method of assembling hose, duct connections, tubing, and component parts. They are used for high torque applications where ordinary hose clamps fail. They provide a 360° sealing surface by using a shoe or formed bridge. Nuts are self-locking, vibration resistant with nylon inserts.

Morrill Industries offers an all Stainless Steel T-Bolt Clamp that is 3/4" wide and 0.025" thick.
